

AI's New Beastly PC

Created by Rickey White on November 16, 2009

Welcome to the future!

Your new personal computer has arrived.

You were looking for the best that money could buy, and you found it here. Subpar is not in my vocabulary. Only the finest components were selected to construct a unique machine worthy of you.

Say hello to **Fast, Silent, and Sleek.**

Fast as lightning. This is the most powerful machine I have had the pleasure of working with and it will be fast for years to come. The power of quadcore technology coupled with four gigabytes of 1066 DDR2 RAM, the speed of a 500GB 7200RPM SATA 3.0Gb/s hard drive running the latest 64-bit version of Windows 7 Home Premium breeds bleeding edge performance. Hold on tightly.

Silent like a panther stalking its prey. Excellent sound dampening can be attributed to the thick aluminium construction and large, high-quality, slow-moving fans. There's nothing noisy here.

Sleek enough to be considered art. Your Lian Li case speaks of elegance and excellent quality.

Only the best. Only from Rickey White.

Support

Your new machine is a rock solid beast. From the hardware to the software, you are covered. Anti-virus, anti-spyware, and anti-malware protection is in place to keep you safe on the Internet and Windows will be offering software updates as they become available. Automatic backup is configured so that there is no worry of data loss.

Your computer is crafted from only the best components, and the event of a hardware issue is very minimal. However, this is not a perfect world. If something is to happen, you are not to worry. All of your hardware is under warranty and I've got you covered.

I guarantee this system's integrity for **one year** from the delivery date of 11/19/09.

If an event occurs where the system needs to be attended to, I or an associate of mine will troubleshoot and resolve the issue either in-person or remotely. If hardware failure is determined to be the cause of the issue, I or an associate of mine will complete the repair process.

Welcome to peace of mind.
